# Weekly update

Up to and including  
Saturday 19th October 2013

Today's update covers the period between Sunday 13th October 2013 through to Saturday 19th October 2013.

So far I have received about ten Hinckley changes, that means there are still about a hundred of you that still have them in your set-up. So again this week I am going to remind you what is required to replace Hinckley Utd. I need all of you to contact the FNL Helpdesk with a replacement team. I have decided to ask you to use one of your substitute teams and name a new team to take your subs back up to five. The deadline for doing this will be 30th November 2013. You must have 24 teams in your line-up, if you had Hinckley and were aiming for the top then it is in your best interest to name a new team. However if you are aiming for bottom you may think it is worth not naming a new team and running with only 23 teams but this is not acceptable. So after the deadline all those that haven't contacted the Helpdesk a new team will be selected from your substitutes by me. The 5pts that Hinckley had already accumulated will be kept by yourselves and your new team will score points from Sunday 6th October 2013 which is the day after Hinckley's final fixture.

Let's take a look at another two leagues and who were you favourite picks. First of all the top three in the Ryman Premier were 1st Lowestoft Town were 712 of you picked the Suffolk side. Joint 2nd are Kingstonian and Maidstone Utd with 526pts each. The bottom club in the Ryman Premier with only 40 of you taking the risk was Wingate & Finchley. In the Calor Premier the top club with 657 of you picking them was Arlesey Town, second most popular was Stourbridge with 627 and in third place was Chesham Utd with 520. At the bottom was Hungerford Town with just 56 of you picking them. In next week's update we will look at the final league The Mixture.
