

Weekly update

Up to and including
Saturday 14th December 2013

Your substitutions are gathering pace as we make our way through December. Early indications are that Stockport County and Chelmsford City are the top two being removed. What normally happens with the top teams for removal is that come the New Year all those teams have a change in fortunes and they start picking up points from everywhere. It is also interesting looking at the teams being removed from your set ups that are trying to finish bottom. The team like Bideford who many of you picked in your bottom teams who you now have to remove because they are riding high in the Calor Premier League.

In today's update another reminder about the details for activating your FNL 2013/14 Substitutions. The FNL 2013/14 Substitute Window is open now and runs through to midnight on Tuesday 31st December 2013. This is the only period you have to inform me who you want to move out and in. The substitutions will then take effect from Wednesday 1st January 2014. All substitution requests must be in writing either via e-mail to the FNL Helpdesk or by post to FNL Substitutions, 4 Wightmans Orchard, Piddletrenthide, Dorchester, Dorset, DT2 7QQ. No telephone activation's will be allowed. You are permitted to change up to 3 teams out of the 5 teams you selected on your entry form. You can change any team you like they do not have to come from the same league that also includes your wildcard selections.

The Top 3 teams currently leading the November 2013 Manager of the Month.
