

Weekly update

Up to and including
Saturday 28th December 2013

The transfer window has now passed and I am now busy as you read this making your changes. I am hopeful to have everything in place by this time next week. As I have already mentioned in a past update the two main teams to be dropped this season are Stockport County and Chelmsford City who are both really struggling this season. As with past FNL season's I will be offering the transfer comparison option where once a month I will tell you how you would have been doing if you hadn't made your changes. If you would like to be part of the transfer comparison option please contact the FNL Helpdesk.

This update is only three days away from another Manager of the Month award as December 2013 comes to an end. HawksP-Early are currently sitting in top spot with a lead of 45pts over second placed Poppers - ZZZ. A further 10pts behind in third place is Geoff Norfolk FC. With there being no games in the final two days of December 2013 it is going to come down to who has the most league leaders in their teams and could someone further down the December Manager of the Month table sneak in and take the prizes.

The Top 3 teams currently leading the November 2013 Manager of the Month.

- | | | |
|--------------------------|----------|---------|
