

Weekly update

Up to and including
SATURDAY 10TH JANUARY 2015

Today's update covers the seven day period between Sunday 4th January 2015 through to Saturday 10th January 2015.

As I said in last week's update I have activated all the substitutions. You can tell I have done your team because it will have [S] after it. If you think I have missed yours please get in touch with the FNL Helpdesk. So who were the most popular teams to be dropped? Cambridge City and AFC Hornchurch were the front runners as many of you ditched them. Also up there was Channel Island side Guernsey who seem to have found their level at the moment and a lot of you dropped them from your selections. As for teams in Maidstone Utd, Margate, Weymouth and Grimsby Town were among your favourites. Of course one thing that does seem to happen after you have changed your teams is that the teams you have taken out start to win games.

I have had a couple of questions come in via the FNL Helpdesk this week and I thought it is worth putting the answers in this week's update.

1. With Hereford Utd's record being removed from the Southern Premier will this effect FNL 2014/15? The answer is no, as you know I didn't include Hereford Utd or Salisbury City in FNL and I am glad I didn't. The games have been played so the points for those teams that won or drew against them will remain in place.

2. Do penalty shootout goals count? Again the answer is no, the shootout is just used as a tool to decide the winner of the replay. So if after extra-time the result is 0-0 and the away team win the shootout then the away side will be awarded 20pts for the win.

Finally next week I will be giving details about how you can see how well your selections would have done if you hadn't made those substitutions.
