

# Weekly update

Up to and including  
SATURDAY 27TH JANUARY 2018

Welcome to the latest update of Fantasy Non-League 2017/18. Today's update covers the period Sunday 21st January 2018 through to Saturday 27th January 2018.

As you are reading this week's update the month of January 2018 will have finished. But there are still four days to run as far as this update is concerned. So, who is going to grab the January 2018 honours. Well leading way is Gunstone1Win who has suddenly appeared from nowhere. So far this month they have scored 2,031pts and they are 32pts ahead of second placed Invol 4 and 60pts ahead of third placed John's Stars Tampa. The top ten in the January 2018 Manager of the Month is covered by 124pts.

At the bottom were of course £50 is the prize for finishing bottom it is much closer. Seating in bottom place at the moment is Richard's Losers who has 630pts and they are 18pts adrift from their nearest rival Frickley 2nds. The bottom ten teams are covered by only 52pts.

In two weeks' time I will be running my first substitution comparison article. This is where you can see how you would have been doing if you hadn't made those changes. So, did you make the right choices? Should I have left in that one and withdrew this one? Well if you would like to find out how your changes have affected your team please get in touch with the FNL Helpdesk.
