

FANTASY NON-LEAGUE

WIN £5000

2021/22

WEEKLY UPDATE

UP TO AND INCLUDING SATURDAY 9TH OCTOBER

Welcome to another update of the Fantasy Non-League. Today's update covers the period Sunday 3rd October 2021 through to Saturday 9th October 2021.

Well, I thought in this week's update we would take a look at how the main Fantasy Non-League table is shaping up as we move into our third month of the competition.

We have joint leaders at the moment with CORSHAM TOWN and REAL ROTHWELL leading the way with 5,433pts. In third place just 8pts behind our leaders is RADSTOCK TOWN. The top ten is currently covered by 158pts and the top 50 is covered by just 559pts which

By Ian White

may seem a lot of points but it isn't and I have a real feeling that this season of FNL fun is going to be the best ever and those changes in January 2022 could be the real difference between the top places.

At the bottom there is a very familiar feeling about the bottom team. DEEJAY LOSERS are in bottom position with -559pts. They are currently 89pts adrift of their nearest rival BACK OF THE NET. The bottom 25 is covered by 551pts. Of course it is a familiar name at the bottom because DEEJAY LOSERS were the 2020/21 FNL Wooden Spoon winners.
